

CHANGE YOUR MIND

You are the one
You are my destiny
We are closer to the heart
We make a brand new start

Just look into my eyes
Now or never
I learned my lesson, I'd paid the price
Stay forever

Change your mind
Only Jekyll no more Hide
Change your mind
Nothing to lose only your pride

Never thought it was easy
But now the time has come
You're the beauty I'm the beast
All the hate is gone

Bridge

Chorus

Solo

Change your mind
Only Jekyll no more Hide
Change your mind
Nothing to lose only your pride
Change your mind
Only Jekyll no more Hide
Change your mind
Nothing to lose only your pride
Change your mind -(change your mind)
Only Jekyll no more Hide - (no more hide)
Change your mind - (change your mind)
Nothing to lose
Change your mind
