

ROCK WITH ME TONITE

We're working hard every day, just from 9 to 5
Sometimes we need a little break, our body wants to shake
We're gonna rock the ages, burn down the stages
So take a look at me, what do you see?

(aaah, aaah) Come on, come on, come on
(aaah, aaah) Dance the night away
(aaah, aaah) Come on, come on, come on
(aaah, aaah) We're come out and play

Hey, hey, hey, hey
Come on rock with me tonite
Hey, hey, hey, hey
we make a party tonite

Flying high on emotion, the bodies are in motion
We're never gonna stop this time, we'll take you to the top
Feel the pumping veins, breaking all the chains
Love at first sight, in the heat of the night

Bridge

Hey, hey, hey, hey
Come on rock with me tonite
Hey, hey, hey, hey
we make a party tonite
Hey, hey, hey, hey
Oh let's dance - dance the night away
Hey, hey, hey, hey
we rock - we rock you tonite, let's go

Solo

Hey, hey, hey
Hey, hey, hey

Chorus

Hey, hey, hey, hey
Come on rock with me tonite
Hey, hey, hey, hey

Hey, hey, hey, hey
