

TELL ME WHY

My heart was empty, 'til I found you
You are the reason why, my life is back again
You stand beside me (stand beside),
when I needed you (I needed you)
You're always there for me (there for me),
sometimes it's hard for you

So I'm (I'm) here (here) waiting for you
I (I) want (want) an answer from you
Can't (can't) wait (wait)
It's burning in my soul (burning in my soul)

Tell me why, why you are mine
why you are mine tonite
Tell me why , why you are mine
Now and forever, Now and forever

You took all the pain (all the pain)
Flying high again (high again)
Another page we turn (page we turn)
Of our book of life

Bridge / 2x Chorus

So tell me, tell me, so tell me why

Solo

Oh baby, tell me, why you are mine (why you are mine),
You're so crazy

Chorus

Tell me why, I can't believe it
why you are mine tonite, why are you mine
Tell me why , but it's so fine
Now and forever,
Tell me why, oh tell me tell me
why you are mine tonite, why are you mine
Tell me why , you know you are my lady
Now and forever, now and forever
you are mine
Now and forever
Hold me tight
So tell me why
