

## WEB OF DESIRE

Another night, another day,  
The hunger burns me out  
You're making me crazy, you really amaze me  
I can't escape your kitten claws

Take me, take me to the sky  
Riding on a bomb, we fly high  
I see the magic in your eyes  
You're the devil in disguise

Oh my heart is in danger  
Whatcha gonna do with me  
Oh my heart is in danger  
You take control

(Caught) in a web of desire  
(Set my heart on fire)  
(Caught) in a web of desire

I can't eat, I can't sleep,  
I am always on the run  
Playin' with fire, walkin' on wire  
Caught between heaven and hell

Take me, take me to the dark  
Your sweet words surround my heart  
There's no way back, that's a fact  
I lose the fight, I'm in your trap
