

## LOVE IS A STRANGER

I stand here in the pouring rain  
A hole in my heart, I go insane  
There is no magic anymore  
Another time, I've stranded

Is this the way  
of my life  
Or only my own destiny?  
every love that failed  
Turns me to stone

Love is a stranger – a stranger to me  
Love is a stranger  
Love is a stranger – a stranger to me  
Love – Love – a stranger

I'm living in my memories  
There's so much pain, I can't stand the squeeze  
I will break out into the light  
Another chance to fight

Is this the time  
the time to cry  
Or another point to start again?  
I'll try to find  
another way

Love is a stranger – a stranger to me  
Love is a stranger  
Love is a stranger – a stranger to me  
Love – Love – a stranger

Solo

Love is a stranger – a stranger to me  
Love is a stranger  
Love is a stranger – a stranger to me  
Love – Love – a stranger  
Love is a stranger – a stranger to me  
Love is a stranger  
Love is a stranger – a stranger to me  
Love – Love – a stranger  
Love – Love – Love is a stranger  
A stranger – stranger to me
