

HELLFIRE

She's colder than ice
Rollin' with the dice
I'm standing on the borderline
She is hotter than hell
Breaking the spell
I'm fallin' down in love

Oh she's on fire
I cannot forget, it goes on and on
Oh she's my desire (she's my desire)
Oh I'm under the gun

Hell, hellfire
So I'm burning, burning for you
Hell, hellfire
And I feel, what I feel, it is real
Hell, hellfire
You know I'm on fire again
Hell, hellfire
So I'm dying, dying in flames

She's tastin' so sweet
Kissin' so deep
Turning on the heat (turning on the heat)
She's pleasure and pain (she's pain)
I'm goin' insane (insane)
Walkin' on glowing coals (walkin' on glowing coals)

Bridge / Chorus

I can't live without your love
And I would die without your love
another day, (another day)another night (another night)

Solo / Chorus

I got hot blood, fever, I need a doctor

Chorus

Hell, Hell, Hellfire
Hell, Hell, Hellfire

2x

I'm on fire (I'm on fire)
my desire (my desire)
Hellfire (Hellfire)
Oh yeah (Oh yeah)
